

Do You Have a Handbook?

A lot of employees, and employers, are unaware of the importance of having an employee handbook. It protects both the employees and employers, and acts as a virtual HR, showing the employees both their internal rights and their obligations within the company. If you are an employee, and have not signed one, bring it up to your supervisor and stress the importance of having one in place to avoid any ambiguity in the future. [Read More](#)

Did You Know? You Have Rights After A Car Accident! 🚗

In our latest case, we helped a client who faced a life-altering car accident on the freeway. Our client was driving when, out of nowhere, another vehicle bumped into him from behind and took off, causing his car to veer off the overpass of the freeway and into a forest. He was unconscious when the police arrived, and unfortunately, the initial police report falsely suggested that he was either intoxicated or he fell asleep at the wheel. As a result, the insurance company denied any compensation for his injuries.

But that's where Levian Law stepped in! We thoroughly investigated the facts of the case, working with a forensic examiner to challenge the inaccurate police report. Our relentless effort led to the creation of a supplemental police report that highlighted the truth of the situation.

Our hard work paid off. After pushing for justice, we secured \$150,000 for our client. Money he rightfully deserved for his suffering and losses.

If you find yourself in a similar situation, remember: you have rights, and we're here to fight for them. Don't let insurance companies take advantage of you!

When A Fun Day Turns Dangerous

At Levian Law, we understand that a day filled with excitement at the amusement park can quickly turn into a nightmare. While we trust that rides are safe and enjoyable, accidents can and do happen. Recently, we successfully settled a case with a local amusement park after one of our clients suffered a serious injury.

Imagine this: After enjoying a thrilling ride, our client stepped off only to find that the ride hadn't stopped in time, resulting in a broken ankle. To make matters worse, the amusement park's medical team didn't respond urgently, leading to unnecessary pain, suffering, and ruining her vacation plans. Initially, the amusement park offered her just two free tickets for a future visit. Clearly, that was not enough!

We at Levian Law believe in fighting for our clients' rights. We filed a lawsuit on her behalf, and we're proud to announce that we secured **\$250,000** in compensation for her injuries and suffering.

If you or someone you know has faced similar issues, whether it's a slip and fall or any premises liability concern, don't hesitate to reach out to us. We're here to help you get the justice and compensation you deserve!

Successful Settlement In Car Accident Case !!!

We are pleased to announce a successful settlement for an elderly husband and wife involved in a tragic car accident. The impact of the accident severely affected the wife's mobility, resulting in substantial medical expenses. Through diligent efforts, we secured the maximum policy limits of \$25,000 from the third-party responsible for the accident, in addition to \$500,000 from her own insurance coverage.

The husband, who had minimal medical expenses, faced a different challenge. As his wife's primary caregiver, he was unable to continue his employment, which significantly affected their household income. While we successfully obtained the \$25,000 from the third-party insurer, it was initially challenging to pursue additional compensation due to his low medical bills. However, through negotiations and by providing evidence of lost income, we were able to secure an additional \$250,000 under the uninsured policy limits.

We extend our best wishes to both of them as they continue their recovery journey. We are honored that they chose Levian Law to represent them and ensure they received the compensation they rightfully deserve.
